Be it enacted by the council of the city of Wheeling that the ordinance passed by the council of the city of Wheeling October 26, 1886, entitled, "An ordinance in relation to stock yards and the keeping, stabling or penning of cattle, sheep and hogs within the corporate limits of the city of Wheeling," be amended and re-enacted so as to read as follows:

Section 1. It shall hereafter be unlawful for any person or persons, firm or corporation to keep any stock yard or to keep, stable or pen cattle, sheep or hogs of any age, sex or description, within the corporate limits of said city, except in the territory lying east of Wheeling creek and north of the north line of Fourteenth street, extending easterly to the line of the city, and also except in the territory bounded by said creek, the north line of Eleventh street, and the following lines to-wit: Running from the intersection of the north line of Eleventh street with the east side of McCulloch street to where the east line of McCulloch street intersects the south line of Baker street; thence running due west to a point one hundred feet east from the nearest side of Grandview street or the old road or way on the summit of Wheeling Hill; thence parallel with said Grandview street, or way, to a point one hundred feet east of the extremity, on the top of the hill, of the stone wall supporting the National road over Wheeling Hill; thence due east to the base of said wall; thence with the base of said wall down the hill to the city line, and thence with the city's line to said creek. But nothing herein contained shall be construed so as to prevent the keeping and stabling with the said city, the owner, or any milch cow bona fide kept for milking purposes only. Any person or persons, firm or corporation, offending against the provisions of this section of this ordinance shall forfeit and pay to the city of Wheeling a fine not less than ten dollars nor more than one hundred dollars, and the costs of prosecution. Where the breach continues for a longer time on one day, each day the offender shall continue a breach of the provisions of this section shall constitute a distinct offense; but a breach of said provisions will take place when such stock is kept, stabled or penned in the city, outside of the permitted territory, for any part of a day.

### MISSION SERVICES

Being Conducted at the Church of the Immaculate Conception—To Occur at the Cathedral Next Month.

The mission at the Church of the Immaculate Conception, which began last Sunday, is being well attended. It is being conducted by Rev. Fathers Bader and Wissel, of the Redemptorist order, and will close one week from next Sunday. Masses are at 5 and 8 o'clock in the morning, and instructions at the conclusion of the mass for grown people. Instructions for children are at 10:30 a. m. and 3:30 p. m., daily. Splendid sermons are delivered every evening at 7:30 o'clock.

As the church is not able to accommodate the large congregations, this week's services are for women, and next week will be for men. After Father Bader and Wissel leave here they go to Sisterville and Mountsville. They will conduct a two weeks' mission at these towns, and thence go to Wellsburg for a mission of one week. Some time in October they will conduct a mission at Edginton's lane.

The reverend fathers are from the Redemptorist monastery at Annapolis, Md., and have great success. They are listened to by great crowds of people at the Church of the Immaculate Conception every evening.

Beginning the first Sunday in October a mission will be opened for two weeks at the Cathedral. It will be in charge of three prominent Jesuit Fathers from Fordham College, N. Y. The first week's services will be for women only and the second week for men only.

### Buying a Stove

Is an important undertaking. If you get an unsatisfactory article, there's misery afoot. Some stoves cook well, but eat up an awful amount of coal. Other stoves are economically inclined in this respect, but won't bake well.
